Professional CD/Media player

The **PC1000R** is a professional multisource CD/USB/SD card music player equipped with multiple independent analog outputs, a coaxial and optical digital output and a RS232 port for use by external control.

The maximum analog output level can be preset at the back to match the output level of other audio sources.

There are USB and SD-card slots on the front as well as on the back of the unit. The PC1000R can be controlled by the

front panel buttons, infrared remote (included), infrared remote extender such as PIR- REC (optional) or RS232 commands. A list with the possible RS232 commands is included in the manual.

The **PC1000R** offers a unique combination of affordability, advanced features and 24/7 reliability. It makes this unit the ideal partner for all professional installation projects and offers you the chance to ban cheap consumer HiFi from business environments!
