Paging Microphone

The PM Range of Paging Microphones are designed for general purpose multizone applications and can also be used with a number of other products.

Four models of the PM are available: the PM4, PM8, PM12 and PM16. The models differ only in the number of zone select buttons on the front panel (4, 8, 12 or 16 respectively), and consequently in the maximum of zones that can be supported.

Capsule Type	Electret Condenser
